

# COMPOSTABLE PRODUCT VENDORS

When ordering compostable products, check for the **Biodegradable Products Institute (BPI)** certification. Products must carry this certification to be accepted by organics recycling facilities. To verify if products are certified compostable, visit [www.BPIworld.org](http://www.BPIworld.org) and search the Compostable Products Catalog.

All vendors listed carry BPI products, but purchasers should be sure to request conformation of BPI certified products when ordering. This list is not exhaustive.

**COMPOSTABLE**  
IN INDUSTRIAL FACILITIES

Check locally, as these do not exist in many communities. **Not suitable for backyard composting.** CERT # SAMPLE
